SCHOOL BOARD WILL STAND BACK OF TEACHER IN APPEAL FROM DECISION

**Claimed That School Ma'am
Did Not Beat Girl as
Alleged**

WAS FINED IN OFFICE OF A LOCAL JUSTICE

The school board of Allen township has decided to take an appeal in the prosecution of Miss Hattie Lang, teacher of No. 2 room at Vesta, who was fined \$10 and costs a few days ago by Justice S. E. Wilson of Charleroi, for alleged abuse of a child by severely whipping her. The child whipped was Ida Dale, aged about 11 years, the daughter of Mrs. Dale, widow of the late Peter Dale of Allen township.

The board at a meeting this week decided to stand by the teacher, believing after inquiring into the facts that while the child was severely punished she was not badly hurt, and that the teacher was justified in punishing her.

Miss Lang is considered a very good teacher, having taught successfully last year at Stockdale. The school where she is teaching this winter is said to have been one where considerable trouble has been experienced by teachers and where heretofore at times the teachers have been abused. Miss Lang whipped the girl with a small stick and the mother of the child, who is a widow, was left on the child's body. She went to Charleroi where she made the information against Miss Lang. The warrant was served on the girl while she was in the school room.

It is understood there was not much evidence at the hearing. The board concluded that it would be established that the teacher was not to be punished.

LECTURE ON BEN HUR AT THE W. A. CHURCH

The Home Herald company of Chicago furnished a unique and most interesting lecture and entertainment in the Washington avenue church last night, given by William J. Paeko. Mr. Paeko is a fine speaker, and gave the story of Ben Hur in its entirety, illustrated by stereopticon views and included the thrilling scene of the chariot race which Gen. Lew Wallace has pictured so vividly in his immortal book.

The second part of the entertainment consisted of scenes describing the life of the Prodigal Son and many understood the parable better than ever before. The third part of the entertainment was taken up with stereopticon views of the famous Hermon park.

Fog Delays Trains

There was some delay in train service this morning owing to the dense fog along the valley. Train No. 140, due here at 8:17 o'clock did not get in until nearly nine o'clock, partly by reason of fog, and partly on account of the immense bulk of express carried.

Flag for School

The George V. Lawrence Council No. 445, Jr. O. U. A. M. of Bentleyville, will present a Bible and flag to the Somerset township high school on Saturday evening, November 13, at 7:30 in the Christian church at Vandeville.

UNION MEN FOR THE LEGISLATURE

**President Feehan Says Union
Men Should Get in
to Politics**

Three Washington county members of the United Mine Workers of America for the State Legislature. That is the plan unfolded last night by District President Patrick Feehan to get legislation wanted by the miners. The movement was announced by the district leader at a public meeting of the miners of the Charleroi Valley, presided over by Robert Gladstone, at the hall of Local 1829 composed of Rich Hill miners.

John McGarry, of Castle Shannon, ex-member of the executive board, spoke on "Further Organization of the Miners." He was followed by District President Feehan, who spoke on "Knowledge of the Organization." By the adoption of the new safety explosives, President Feehan declared the wage of the miners had been reduced to seven per cent. below the union scale. The reduction amounted, he said to 5 1-2 per cent. on wide work and 9 1-2 per cent. on narrow work.

He advocated that work in the Rich Hill mines be conducted on the "rule of mine" basis, and that the eight hour rule be rigidly enforced. Mr. Feehan also spoke of the importance of the movement of the local unions to affiliate with other organizations in the State for the purpose of getting their rights in government.

The miners of Washington county said President Feehan should elect three of their own number to the Assembly in Harrisburg. Through these men and others whom the labor miners will attempt to assist, it was pointed out, the unions will be able to get some needed legislation.

Charles Mackay, interested President Feehan's speech for the Pittsburgh Courier.

New Town Plot

The Couch farm, west of Bentleyville, and recently occupied by I. O. Garret, has been sold to Pittsburgh parties interested in real estate. This apparently means that at least a part of the farm will be laid off in town lots and placed on the market.

Celebrated Anniversary

Methodist Episcopal (Fraternal Order of Eagles) celebrated its sixth anniversary at the social parlors, Anton building, Main and Second streets, last evening with a social and banquet.

Opening of Bazar

Many attended the bazaar of the Methodist ladies, which opened at the Methodist church last night. There were several booths at which all sorts of articles were sold. The bazaar will be continued today and Saturday.

Mrs. R. Hill, who has been visiting at the home of Mrs. McNaughton of Washington avenue, returned to her home at Marietta, Ohio, today. Congressman J. K. Tener went to New Castle yesterday on a business mission.

Lela Wanner of Carroll township has sold to David John Rees, of Ellsworth a tract in Carroll township, coal reserved in the Eldora plan, fronting 30 feet on Vance avenue, consideration \$185.00. Also another lot in Eldora, fronting 30 feet on Vance avenue, consideration \$160.

James Abel of Charleroi has sold to Ulrich Simons a lot in the McKean addition, Charleroi, fronting 25 feet on Project avenue, consideration \$1.00.

Mrs. W. E. Calvert is a Pittsburgh visitor today.

WANT COMPANY TO RAISE TRACKS

**South Brownsville Starts Pro-
ceedings Against Trolley
Concern**

The borough of South Brownsville, through its attorneys, Howell, Sturges and Morrow, has filed a bill of complaint in equity in the Fayette county courts, in an effort to oust the Uniontown, Brownsville, and West Side railway company from its streets. The statements of the bill are sworn to by D. K. Orr, a member of the South Brownsville council. The bill asks that the railway company be required to remove their tracks, extending about 4,000 feet, and the poles from the streets of the borough. The answer must be filed by the defendant company within 30 days or a decree will be made in favor of the plaintiff. The action comes from the alleged failure of the company to run cars over the lines. Construction of the tracks was started in 1902 but was soon abandoned.

CONDITION BAD FOR WORKMEN

According to a Pittsburgh newspaper's re-organization of the Pittsburgh Coal company is imminent. This big industrial corporation, which controls a combination of mining operations in the richest bituminous coal fields in the world, with markets and transportation facilities unsurpassed, some years ago passed into the class of what is known as the "rotten trusts"; that is, it ceased to pay dividends, although doing enormous business with plants that operated privately had been exceedingly profitable. Mismanagement, extravagance, the holding of excessive positions, the extortion of big commissions on the purchase of coal lands by officials, are charged against the company, which has failed to pay dividends to its thousands of stockholders who were induced to invest in what should be one of the best paying industrial enterprises in the country.

The failure to pay dividends, however, is not the worst feature of the apparent mismanagement of the Pittsburgh Coal company. Its economic bearing is more important. Its failure to earn dividends is used as an argument on which to base the scale of wages for its employees. This has figured in the past and will no doubt figure in the future. In previous disputes about the mining scale the Pittsburgh Coal company has been able to conclusively show that its earnings did not warrant any increase in the cost of production, and settlements have been effected on this basis. Thus it will be seen that every employee is made to bear the brunt of the mismanagement as well as the stockholders. In the impending struggle next spring it is stated that the show-down of the Pittsburgh Coal company will be rejected, and that a demand for an increase of pay will be based on what coal can be produced for economically at current market rates, rather than what it is produced for under conditions similar to methods employed by the Pittsburgh Coal company.

A True Tale

The trolley car had just left a corner, and was getting well started. A woman was seen hurriedly to take after it, and despite the fact that she was apparently no Marathon runner, and could not hope to equal the speed of the car, hot-footed it for a distance trying to overtake the receding conveyance. Finally she was noticed by the conductor, who obligingly stopped and waited until the panting woman came up. He expected her to get on, and was therefore considerably surprised when she managed to articulate the question, "between gasps," "Could you change this quarter for me?" The conductor said something that sounded like a man losing his religion and the car moved on.

Snug Sleep Realized

The supper served by the members of the Baptist church last night, was a grand success. During the evening there were probably 250 people fed and a snug sum realized, to go for the painting of the church.

Don't say a word until you see our line, from \$5.00 to \$75.00. Woodward's, 421 McKean avenue. 7412

MORE DAMAGE FROM YESTERDAY'S FIRE THAN WAS FIRST THOUGHT

**Street Car Trouble
Practically Adjusted**

In conveying the Pittsburgh afternoon papers to Charleroi and other places along the car line, a new system had been adopted by the Pittsburgh Railways company. Now the papers are brought to Washington Junction by a freight car, thence transferred to a passenger car for the remainder of the trip. The papers leave Pittsburgh at about 2:30 o'clock. The Pittsburgh cars are making fairly good time now on their new schedule, although there is some irregularity.

IMPORTANT MEETING OF COUNCIL TONIGHT

**Garbage Matters Will be Taken
Up at Adjourned
Session**

There will be an important meeting of council tonight, several matters having been left over for action. Among them will be that of the garbage trouble, it being stated that there has not been the proper precaution taken in the burning of garbage. The bondsmen of the garbage contractor also want to be free and will appear at the meeting tonight. It is thought that the ordinance for the opening up of McKean avenue and for the changing of the course of Lincoln avenue will come up for future action. In all probability the milk question will be reported to council for final action, as well as the gas matter, committees having had charge of them.

MUCH INTEREST IN FREE BAND CONCERT

Many have expressed interest in the free open air concert to be given on the streets tomorrow evening by the Charleroi Italian band. The band is composed of more than 200 pieces, and there are 25 or more training under the direction of Prof. Paterniano Lucati, the director, who will later join. The band will hold a dance after the concert.

Post Card Shower

C. B. Copeland of the United States Steamer Slackwater, who has been confined to his room for the past ten days with quinsy, was surprised Wednesday when he began to receive by every incoming mail post cards, from the gravest to the gay, about 40 in all. It has since transpired that the affair was gotten up by members of Loyal Circle 115 of the Protected Home Circle of Pittsburgh, where he has a number of friends who conceived this idea of extending their sympathy and good feeling toward an invalid in a sick room. Mr. Copeland will long remember these friends for their thoughtfulness and many fraternal greetings.

The Detrouers

Will appear for the Lutherans Tuesday, November 16, in School hall. The second part of the program will be the first act of the grand opera, "Hansel and Gretel." Admission 35 cents. Seats reserved at Piper's Pharmacy 50 cents.

**Mr. Moss States That Loss
Will be in Neighborhood
of \$1,000**

ESTABLISH FIRE LINES FIRST TIME

From the fire which occurred yesterday at the Magic City Tea Store, in the Odd Fellows building, it is estimated by William Moss, the owner, that there was a loss of \$800 or \$1,000. This was mostly on tea, of which Mr. Moss had a great deal in stock. There was \$1,600 insurance carried on the stock through the agencies of John C. McKean and T. D. Williamson. There were several cartons of tea and a number of sacks of coffee in the store, besides a variety of other articles which Mr. Moss gives as premiums with his tea and coffee. In fact the stock was larger than that carried by Mr. Moss as a rule, and several shipments being received within the past few weeks that had not been delivered. The tea was of the best quality. A number of the cartons were not broken open, but smoke entered these and caused practically as much damage as though there had been fire in them.

The good work done by the fireman in using the new chemical wagon for the first time has been commented upon by many people. The purchase of the wagon was opposed by many at first. Yesterday was the first time a fire line was established on Charleroi. The fire line is one of the matters on which an insurance penalty is imposed in Charleroi, and 150 feet of rope has been utilized and a crew of four men delegated to enforce the fire line. It worked very successfully and gave the firemen more room to operate.

COUNTERFEIT BILLS MAKE APPEARANCE

Several spurious two-dollar bank notes have made their appearance in Monessen, and one or two have been noticed in Charleroi. It is said that Monessen merchants have to watch carefully to protect themselves, but even with the extra precautions the counterfeit bills are passed upon them. As far as can be learned none of the bills have been accepted by Charleroi merchants.

Euchre Successful Affair

The euchre held yesterday afternoon by the Ladies Auxiliary of the Monessen-Charleroi hospital at the Elks Club was a very successful affair and well attended. A snug sum was realized for the hospital work. It is the intention to hold a similar affair the second Thursday of each month.

Funeral Yesterday

The funeral of James McElaine was held yesterday afternoon at the home, Rev. Doak and Rev. Bonhart conducting the services. Interment was in Gilmore's cemetery.

The Shorn Lamb.

It is said that "Providence tempers the wind to the shorn lamb." That being the case, Providence is surely on the side of the people of Charleroi, in opposition to the Greensboro Gas company, which raised the price of gas recently to consumers here. Since the raise the weather has been delectable, mild and balmy, and about the only use for gas so far this month has been for cooking and lighting purposes.

Charleroi, in the guise of the shorn lamb, is to be congratulated. Another old saw might also be applicable in this case: "Providence helps those who help themselves." Considering the weather Providence has made a good showing in favor of Charleroi against the Gas company. This cannot always continue, and it is now up to the shorn lamb to get busy or lose what remains of the stubble of its fleece.

Reasons for Divorce.

Answering a query of the New York World, Why so many divorces? Life offers six reasons. They are:

First, because of the decline of authority. Everybody in the country wants to be his own boss, and is so, as far as possible. Nobody wants to obey unless obedience matches incli-

nation. Second, because there are so many more ways than there were a generation ago for a woman to make a living. Third, because the price of living is so high. Men abandon their wives in shocking numbers because the job of maintenance is heavy and they get tired of it. Fourth, because women require much more and give less than they did a generation ago. They have been carefully endowed by law in most States with rights and privileges, proper to independence. Fifth, because distractions have greatly increased in American life in a generation. Sixth, church influences, for the time being, are weaker than they used to be, and dramatic influences are more pervasive. Church influences favor continuity in marriage; dramatic influences favor variety.

There are plenty more reasons, but six are enough. The wonder is that, in the face of such convincing reasons as these, about nine marriages in every ten still hold good. All things considered, marriage seems incorrigibly popular even in this restless and progressive country. The united state being difficult and expensive to achieve, it is bad business for those who have attained to it to relapse back into the condition of the united.

ELECTRIC SPARKS

The other day a lady called up and wanted to know if this were the Mail Publishing company. Being informed that we had the pleasure of representing that corporation, she stated that she had been getting books from us, but the agent hadn't been around for "Three Weeks." We don't deal in books, and the persons must have got the wrong party on the 'phone, but we feel interested in whether she meant Eleanor Glynn's "Three Weeks," or if there has been another book of the same name put on the market. If there has we want to read it.

People who swear because they are not able to get their printing done in an hour or so after they leave the order, are referred to the railroad companies who compel large mines and manufacturing corporations to close down because they cannot furnish cars enough.

At Mt. Pleasant the other day a ghost was nearabout killed by an athletic minister of the gospel. We generally supposed a minister spent his time fighting the devil, but it seems that this one is doing more than he is paid for, kicking "spooks" in the stars being among his unpaid obligations.

Come to think of it, it is just as sensible for an old bachelor to call

himself an old maid fellow, as it is for an old maid to call herself a bachelor girl.

The reason why many church people oppose the stage is because there are so many nice things to be seen there, which have a tendency to make the man of the house leave home early and stay out late.

Now they are declaring it a scurry trick for some one to report that Col. Roosevelt was dead. Sure. It's plenty of time to start such a report after his funeral.

Speaking of funerals, we know of one fellow over at Washington, Pa., and who will be the chief mourner at another one to come.

Mrs. Maud Kissam Babcock of New York City, and a follower of the Christian Science teachings, thought she was being mentally assassinated by Mrs. Augusta E. Stetson, a big official in the church. The symptom described by her are more like those of a person taking the grip, however.

Let's see now, was the last report that all the amendments carried, or all carried with the exception of the seventh? We know some more people who will be mentally assassinated, like Mrs. Babcock says she was, if they don't quit talking so much about it.

WHERE BEAUTY LIES

A New Idea Upon the Subject in which women are interested.

If beauty is only skin deep, let's take good care of the skin. There's an easy beauty hint if you are a user of that celebrated toilet article Crown Cream. As doubtless every woman reader knows this is a cleansing and highly nourishing skin food, to be used either with or without massage, and retails for 50c a jar. The Harlan Beauty Cup comes from the same laboratory, and is a massage appliance of such virtue that the results secured by its use far surpass those gained by the most expert manipulation of hand experts. It acts by the vacuum system, removing all impurities and unhealthy matter from the pores, thus cleansing and healing the skin tissues, while at the same time its action on the fine blood vessels beneath the surface last strengthening and invigorating.

As stated, even without massage, Crown Cream is literally without a rival. In combination with the Beauty Cup, however, the most deep seated wrinkles at once disappear, wasted places are made round and healthful, and all skin blotches and blemishes disappear as if magic. The Harlan Beauty Cup is sold by all dealers at 50c, and if your favorite store is not yet supplied, write for the Crown Cream and the Beauty Cup to the Harlan Mfg. Co., Toledo, O., enclosing the price and also giving your dealer's name. The articles requested will come by return mail, prepaid. W. F. Hennings' Drug Store, corner Fifth and McKean, Charleroi, Pa.

Facts are cheap, Fun is found in the almanac, but Personality and Manhood are still at a premium. Therefore we shall always want to hear men with the message. Make it vivid through eye, lip, face and voice.

Mr. Gaylord is undoubtedly one of the best orators on the American platform.

Here is what the Governor of Kansas, who heard him lecture, has to say about him:—

State of Kansas
E. W. Hoch, Governor
Topeka

I have heard Winfield R. Gaylord and was charmed with his manner, enriched by his thought and altogether delighted with his effort. I say this more gladly because I was and am quite at variance with him in the particular lecture which I heard and this tribute is given because, while I differed from the speaker, I was greatly pleased with his ability and spirit. It gives me great pleasure to commend him to Chautauqua and Lyceum Bureaus.

Up to Date Millinery.

Girls who have "Merry Widow" hats left from last summer can bring them up to date with little trouble if they have a taste for millinery. First the edge of the brim is wired, then faced on the underside. Polds of soft chiffon are pretty for the purpose, but anything dainty will answer. Very little of it shows anyway after the hat is finished. Then the brim is turned down all around, fluting as one goes, which transforms the shape to a mushroom model. The brim stands straight, then suddenly falls into flutes. The outside may be prettily trimmed.

Our Own Record the Only Competitor

Our sole aim for over twenty years has been to do a little better every season. The American working-people know from past experience that they always found better values at the "People's" store than elsewhere. Our enthusiastic friends say that the values and styles we offer this season beats our own record.

The "People's" Has No Rival

We know there are other stores where clothing is for sale; we also know there are other stores who quote such figures as we do; we even know there are other stores who attempt to imitate our credit system, but we also know, and thousands of American people know, that there is no other store in existence where you can get such values, such excellent styles, and such superior made clothing at our prices, on such liberal and dignified credit terms.

Where People Get Most of Their Good Things

Furs Furs

Not very cold weather yet to talk about furs, but the time of year is right, and the weather soon will be, and then having read this little talk, you will know where to go to supply your fur needs.

Not every woman knows dependable fur—maybe not eight in ten know how poor tanning or dyeing can spoil the durability of a pelt or the life of the fur, and under such conditions it surely behooves you to buy your furs where you can depend on getting full value for your money. We do not propose to jeopardize our reputation for honesty and fair dealing by selling inferior furs at big prices.

We have a very large stock of furs in a wide range of prices and invite you to look them over.

Quality is Our Specialty

We are not satisfied with other shoe stores' standard of quality at given prices.

You'll find that we give better Shoes where the price is the same, or quote lower prices where the quality is the same.

If you don't wear our Shoes ask your friends, who do, about them.

If you do wear our Shoes tell your friends, who don't about them.

NOTICE TO THE PUBLIC

NOTICE is hereby given that stores which use the name of LOUIS BEIGEL will be prosecuted to the full extent of the law. I do this for the reason that certain people have gained the impression that I am the proprietor of more than one shoe store. I hereby state that I am in no shape or manner connected with any other shoe store than the one located at 419 McKean Avenue, Charleroi, Pa. I make this statement so that the people will not be fooled into patronizing any of the so-called "sample" stores using my name, and afterwards find that they were not dealing with the old reliable firm which has for seventeen years been doing business in Charleroi. Unprincipled methods have been introduced by shoddy dealers of the city who send out to their hired agents in country towns cheap and unreliable goods. We hereby warn our patrons as well as those of other reliable stores, to look out for stores that use our name and pretend that I am the owner of such stores.

Our Motto is: Solid Leather Shoes at Popular Prices.

SCHOOL BOARD WILL STAND BACK OF TEACHER IN APPEAL FROM DECISION

**Claimed That School Ma'am
Did Not Beat Girl as
Alleged**

WAS FINED IN OFFICE OF A LOCAL JUSTICE

The school board of Allen township has decided to take an appeal in the prosecution of Miss Hattie Lang, teacher of No. 2 room at Vesta, who was fined \$10 and costs a few days ago by Justice S. E. Wilson of Charleroi, for alleged abuse of a child by severely whipping her. The child whipped was Ida Dale, aged about 11 years, the daughter of Mrs. Dale, widow of the late Peter Dale of Allen township.

The board at a meeting this week decided to stand by the teacher, believing after inquiring into the facts that while the child was severely punished she was not badly hurt, and that the teacher was justified in punishing her.

Miss Lang is considered a very good teacher, having taught successfully last year at Stockdale. The school where she is teaching this winter is said to have been one where considerable trouble has been experienced by teachers and where heretofore at times the scholars have run amok.

Miss Lang whipped the girl with a small stick and the mother of the child averred that heavy welts were left on the child's body. She went to Charleroi where she made the information against Miss Lang. The warrant was served on the girl while she was in the school room.

It is understood there was not much evidence at the hearing. The board concluded that it would be establishing a bad precedent not to uphold the teacher.

LECTURE ON BEN HUR AT THE W. A. CHURCH

The Home Herald company of Chicago furnished a unique and most interesting lecture and entertainment in the Washington avenue church last night, given by William J. Pake. Mr. Pake is a fine speaker, and gave the story of Ben Hur in its entirety, illustrated by stereoscopic views and included the thrilling scene of the chariot race which Gen. Lew Wallace has pictured so vividly in his immortal book.

The second part of the entertainment consisted of scenes describing the life of the Prodigal Son and many understood the parable better than ever before. The third part of the entertainment was taken up with stereoscopic views of the Rams Horn cartoons.

Fog Delays Trains.

There was some delay in train service this morning owing to the dense fog along the valley. Train No. 146, due here at 8:17 o'clock did not get in until nearly nine o'clock, partly by reason of fog, and partly on account of the immense bulk of express carried.

UNION MEN FOR THE LEGISLATURE

**President Feehan Says Union
Men Should Get in
to Politics**

Three Washington county members of the United Mine Workers of America for the State Legislature. That is the plan unfolded last night by District President Patrick Feehan to get legislation wanted by the miners. The movement was announced by the district leader at a mass meeting of the miners of the Charleroi Valley, presided over by Robert Gladstone, at the hall of Local 1829 composed of Rich Hill miners.

John McCarty, of Castle Shannon, ex-member of the executive board, spoke on "Further Organization of the Miners." He was followed by District President Feehan, who spoke on "Knowledge of the Organization." By the adoption of the new safety explosives, President Feehan declared the wage of the miners had been reduced to seven per cent. below the union scale. The reduction amounts, he said to 5 1-2 per cent. on wide work and 9 1-2 per cent. on narrow work.

He advocated that work in the Rich Hill mines be conducted on the "run of mine" basis, and that the eight hour rule be rigidly enforced. Mr. Feehan also spoke of the importance of the movement of the local unions to affiliate with other organizations in the State for the purpose of getting their rights in government.

The miners of Washington county, said President Feehan, should elect three of their own number to the Assembly in Harrisburg. Through these men and others whom the labor miners will attempt to assist, it was pointed out, the unions will be able to get some needed legislation.

Charles Minsky interpreted President Feehan's speech for the Slavonic miners present.

WANT COMPANY TO RAISE TRACKS

**South Brownsville Starts Pro-
ceedings Against Trolley
Concern**

The borough of South Brownsville, through its attorneys, Howell, Sturges and Morrow, has filed a bill of complaint in equity in the Fayette county courts in an effort to oust the Upontown, Brownsville and West Side railway company from its streets. The statements of the bill are sworn to by D. K. Orr, a member of the South Brownsville council. The bill asks that the railway company be required to remove their tracks, extending about 4,000 feet, and the poles from the streets of the borough. The answer must be filed by the defendant company within 30 days or a decree will be made in favor of the plaintiff. The action comes from the alleged failure of the company to run cars over the lines. Construction of the tracks was started in 1902 but was soon abandoned.

CONDITION BAD FOR WORKMEN

According to a Pittsburgh newspaper a re-organization of the Pittsburgh Coal company is imminent. This big industrial corporation, which controls a combination of mining operations in the richest bituminous coal fields in the world, with markets and transportation facilities unsurpassed, some years ago passed into the class of what is known as the "rotten trusts"; that is, it ceased to pay dividends, although doing enormous business with plants that operated privately had been exceedingly profitable. Mismanagement, extravagance, the creation of sinecure positions, the extortion of big commissions on the purchase of coal lands by officials, are charged against the company, which has failed to pay dividends to its thousands of stockholders who are induced to invest in what should be one of the best paying industrial enterprises in the country.

The failure to pay dividends, however, is not the worst feature of the apparent mismanagement of the Pittsburgh Coal company. Its economic bearing is more important. Its failure to earn dividends is used as an argument on which to base the scale of wages for its employees. This has figured in the past and will no doubt figure in the future. In previous disputes about the mining scale the Pittsburgh Coal company has been able to conclusively show that its earnings did not warrant any increase in the cost of production, and settlements have been effected on this basis. Thus it will be seen that every employee is made to bear the brunt of the mismanagement as well as the stockholders. In the impending struggle next spring it is stated that the show down of the Pittsburgh Coal company will be rejected, and that a demand for an increase of pay will be based on what coal can be produced for economically at current market rates, rather than what it is produced for under conditions similar to methods employed by the Pittsburgh Coal company.

A True Tale.

The trolley car had just left a corner, and was getting well started. A woman was seen hurriedly to take after it, and despite the fact that she was apparently no Marathon runner, and could not hope to equal the speed of the car, hot-footed it for a distance trying to overtake the receding conveyance. Finally she was noticed by the conductor, who obligingly stopped and waited until the panting woman came up. He expected her to get on, and was therefore considerably surprised when she managed to articulate the question, "between gasps, 'Can you change this quarter for me?'" The conductor said something that sounded like a man losing his religion and the car moved on.

Snug Sum Realized.

The supper given by the members of the Baptist church last night was a grand success. During the evening there were probably 250 people fed and a snug sum realized, to go for the painting of the church.

MORE DAMAGE FROM YESTERDAY'S FIRE THAN WAS FIRST THOUGHT

**Street Car Trouble
Practically Adjusted**

In conveying the Pittsburgh afternoon papers to Charleroi and other places along the car line, a new system had been adopted by the Pittsburgh Railways company. Now the papers are brought to Washington Junction by a freight car, thence transferred to a passenger car for the remainder of the trip. The papers leave Pittsburgh at about 2 o'clock.

The Pittsburgh cars are making fairly good time now on their new schedule, although there is some irregularity.

IMPORTANT MEETING OF COUNCIL TONIGHT

Garbage Matters Will be Taken Up at Adjourned Session

There will be an important meeting of council tonight, several matters having been left over for action. Among them will be that of the garbage trouble, it being stated that there has not been the proper precaution taken in the burning of garbage. The bondsmen of the garbage contractor also want to be free and will appear at the meeting tonight. It is thought that the ordinance for the opening up of McKean avenue and for the changing of the course of Lincoln avenue will come up for future action. In all probability the milk question will be reported to council for final action, as well as the gas matter, committees having had charge of them.

MUCH INTEREST IN FREE BAND CONCERT

Many have expressed interest in the free open air concert to be given on the streets tomorrow evening by the Charleroi Italian band. The band is composed of more than 200 pieces, and there are 25 or more training under the direction of Prof. Paterniano Lucati, the director, who will later join. The band will hold a dance after the concert.

Post Card Shower.

C. B. Copeland of the United States Steamer, Slackwater, who has been confined to his room for the past ten days with quinsy, was surprised Wednesday when he began to receive by every incoming mail post cards from the gravest to the gay, about 40 in all. It has since transpired that the affair was gotten up by members of Loyal Circle 113 of the Protected Home Circle of Pittsburgh, where he has a number of friends who conceived this idea of extending their sympathy and good feeling toward an invalid in a sick room. Mr. Copeland will long remember these friends for their thoughtfulness and many fraternal greetings.

The Detroiters.

Will appear for the Lutherans Tuesday, November 16, in School hall. The second part of the program will be the first act of the grand opera, "Hansel and Gretel." Admission 35 cents. Seats reserved at Piper's Pharmacy 50 cents.

One-Fourth Off.

Just think of one-fourth off on all pianos comprising the very best makes, to select from, during our big winter sale. Woodward's.

**Mr. Moss States That Loss
Will be in Neighborhood
of \$1,000**

ESTABLISH FIRE LINES FIRST TIME

From the fire which occurred yesterday at the Odd Fellows building, it is estimated by William Moss, the owner, that there was a loss of \$800 or \$1,000. This was mostly on tea, of which Mr. Moss had a great deal in stock. There was \$1,600 insurance carried on the stock through the agencies of John C. McKean and T. D. Williamson.

There were several cartons of tea and a number of sacks of coffee in the store, besides a variety of other articles which Mr. Moss gives as premiums with his tea and coffee. In fact the stock was larger than that carried by Mr. Moss as a rule, and several shipments being received within the past few weeks that had not been delivered. The tea was of the best quality. A number of the cartons were not broken open, but smoke entered these and caused practically as much damage as though there had been fire in them.

The good work done by the firemen in using the new chemical wagon for the first time has been commented upon by many people. The purchase of the wagon was opposed by many at first. Yesterday was the first time a fire line was established in Charleroi. The fire line is one of the matters on which an insurance penalty is imposed in Charleroi, and 150 feet of rope has been utilized and a crew of four men delegated to enforce the fire line. It worked very successfully and gave the firemen more room to operate.

COUNTERFEIT BILLS MAKE APPEARANCE

Several spurious two-dollar bank notes have made their appearance in Monessen, and one or two have been noticed in Charleroi. It is said that Monessen merchants have to watch carefully to protect themselves, but even with the extra precautions the counterfeit bills are passed upon them. As far as can be learned none of the bills have been accepted by Charleroi merchants.

Euchre Successful Affair.

The euchre held yesterday afternoon by the Ladies Auxiliary of the Monessen-Charleroi hospital at the Elks' Club was a very successful affair and well attended. A snug sum was realized for the hospital work. It is the intention to hold a similar affair the second Thursday of each month.

Funeral Yesterday.

The funeral of James McElaine was held yesterday afternoon at the home, Rev. Doak and Rev. Boblitt conducting the services. Interment was in Gilmore's cemetery.

The Shorn Lamb.

It is said that "Providence tempers the wind to the shorn lamb." That being the case, Providence is surely on the side of the people of Charleroi, in opposition to the Greensboro Gas company, which raised the price of gas recently to consumers here. Since the raise the weather has been delectable, mild and balmy, and about the only use for gas so far this month has been for cooking and lighting purposes.

Charleroi, in the guise of the shorn lamb, is to be congratulated. Another old saw might also be applicable in this case: "Providence helps those who help themselves." Considering the weather Providence has made a good showing in favor of Charleroi against the Gas company. This cannot always continue, and it is now up to the shorn lamb to get busy or lose what remains of the stubble of its fleece.

Reasons for Divorce.

Answering a query of the New York World, Why so many divorces? Life offers six reasons. They are:

First, because of the decline of authority. Everybody in the country wants to be his own boss, and is so, as far as possible. Nobody wants to obey unless obedience matches incli-

nation. Second, because there are so many more ways than there were a generation ago for a woman to make a living. Third, because the price of living is so high. Men abandon their wives in shocking numbers because the job of maintenance is heavy and they get tired of it. Fourth, because women require much more and give less than they did a generation ago. They have been carefully endowed by law in most States with rights and privileges, proper to independence. Fifth, because distractions have greatly increased in American life in a generation. Sixth, church influences, for the time being, are weaker than they used to be, and dramatic influences are more pervasive. Church influences favor continuity in marriage; dramatic influences favor variety.

There are plenty more reasons, but six are enough. The wonder is that, in the face of such convincing reasons as these, about nine marriages in every ten still hold good. All things considered, marriage seems incorrigibly good in this nation and progressive country. The united state being difficult and expensive to achieve, it is bad business for those who have attained to it to relapse back into the condition of the united.

ELECTRIC SPARKS

The other day a lady called up and wanted to know if this were the Mail Publishing company. Being informed that we had the pleasure of representing that corporation, she stated that she had been getting books from us, but the agent hadn't been around for "Three Weeks." We don't deal in books, and the persons must have got the wrong party on the 'phone, but we feel interested in whether she meant Eleanor Glynn's "Three Weeks," or if there has been another book of the same name put on the market. If there has we want to read it.

People who swear because they are not able to get their printing done in an hour or so after they leave the order, are referred to the railroad companies who compel large mines and manufacturing corporations to close down because they cannot furnish cars enough.

At Mt. Pleasant the other day a ghost was nearabout killed by an athletic minister of the gospel. We generally supposed a minister spent his time fighting the devil, but it seems that this one is doing more than he is paid for, kicking "spooks" in the slats being among his unpaid for obligations.

Come to think of it, it is just as sensible for an old bachelor to call

himself an old maid fellow, as it is for an old maid to call herself a bachelor girl.

The reason why many church people oppose the stage is because there are so many nice things to be seen there, which have a tendency to make the man of the house leave home early and stay out late.

Now they are declaring it a scurvy trick for some one to report that Col. Roosevelt was dead. Sure. It's plenty of time to start such a report after his funeral.

Speaking of funerals, we know of one fellow over at Washington, Pa., and who will be the chief mourner at another one to come.

Mrs. Maud Kissam Babcock of New York City, and a follower of the Christian Science teachings, thought she was being mentally assassinated by Mrs. Augusta E. Stetson, a big official in the church. The symptom described by her are more like those of a person taking the grip however.

Let's see now, was the last report that all the amendments carried or all carried with the exception of the seventh? We know some more people who will be mentally assassinated, like Mrs. Babcock says she was, if they don't quit talking so much about it.

WHERE BEAUTY LIES

A New Idea Upon the Subject in which women are interested.

If beauty is only skin deep, let's take good care of the skin. There's an easy beauty hint, if you are a user of that celebrated toilet article Crown Cream. As doubtless every woman reader knows this is a cleansing and highly nourishing skin food, to be used either with or without massage, and retails for 50c a jar. The Harlan Beauty Cup comes from the same laboratory, and is a massage appliance of such virtue that the results secured by its use far surpass those gained by the most expert manipulation of hand experts. It acts by the vacuum system, removing all impurities and unhealthy matter from the pores, thus cleansing and healing the skin tissues, while at the same time its action on the fine blood vessels beneath the source last strengthening and invigorating.

As stated, even without massage, Crown Cream is literally without a rival. In combination with the Beauty Cup, however, the most deep seated wrinkles at once disappear, wasted places are made round and healthful, and all skin blotches and blemishes disappear as if magic. The Harlan Beauty Cup is sold by all dealers at 50c, and if your favorite store is not yet supplied, write for the Crown Cream and the Beauty Cup to the Harlan Mfg. Co., Toledo, O., enclosing the price and also giving your dealer's name. The articles requested will come by return mail, prepaid. W. F. Hennings' Drug Store, corner Fifth and McKean, Charleroi, Pa.

Winfield R. Gaylord

STATE SENATOR OF WISCONSIN

will lecture at School Hall, 9th St.
Friday, November 19th, 8:00 P. M.

Facts are cheap, Fun is found in the almanac, but Personality and Manhood are still at a premium. Therefore we shall always want to hear men with the message. Make it vivid through eye, lip, face and voice.

Mr. Gaylord is undoubtedly one of the best orators on the American platform.

Here is what the Governor of Kansas, who heard him lecture, has to say about him:—

State of Kansas
E. W. Hoch, Governor
Topeka

I have heard Winfield R. Gaylord and was charmed with his manner, enriched by his thought and altogether delighted with his effort. I say this more gladly because I was and am quite at variance with him in the particular lecture which I heard and this tribute is given because, while I differed from the speaker, I was greatly pleased with his ability and spirit. It gives me great pleasure to commend him to Chautauqua and Lyceum Bureaus.

E. W. HOCH, Governor.

An Ample Test.
The Insurance Agent—Sure your heart isn't weak? The Insured One—Oh, yes, yes. The Agent—Ever test it? The Insured—Yes, indeed. I watched a fifteen inning ball game with the score 1 to 1.—Cleveland Plain Dealer.
Open Confession.
Aunt—Tommy, I put three pies to bake yesterday, and now there is only one. How is that? Tommy—Please. It was so dark, aunt. I didn't see that one.—London Punch.
The Reason.
Discontented Wife—Several of the men whom I refused when I married you are richer than you are now. The Husband—That's why.—Elus trated Bits.

Up to Date Millinery.
Girls who have "Merry Widow" hats left from last summer can bring them up to date with little trouble if they have a taste for millinery.
First the edge of the brim is wired, then faced on the underside.
Folds of soft chiffon are pretty for the purpose, but anything dainty will answer.
Very little of it shows away after the hat is finished. Then the brim is turned down all around, fitting as one goes, which transforms the shape to a mushroom model.
The brim stands straight, then suddenly falls into folds.
The outside may be prettily trimmed.
He is the noblest who has raised himself by his own exertions to a higher station.—Cicero.

Our Own Record the Only Competitor
Our sole aim for over twenty years has been to do a little better every season. The American working-people know from past experience that they always found better values at the "People's" store than elsewhere. Our enthusiastic friends say that the values and styles we offer this season beats our own record.

The "People's" Has No Rival
We know there are other stores where clothing is for sale; we also know there are other stores who quote such figures as we do; we even know there are other stores who attempt to imitate our credit system, but we also know, and thousands of American people know, that there is no other store in existence where you can get such values, such excellent styles, and such superior made clothing at our prices, on such liberal and dignified credit terms.

Where People Get Most of Their Good Things

Furs Furs

Not very cold weather yet to talk about furs, but the time of year is right, and the weather soon will be, and then having read this little talk, you will know where to go to supply your fur needs.

Not every woman knows dependable fur—maybe not eight in ten know how poor tanning or dyeing can spoil the durability of a pelt or the life of the fur, and under such conditions it surely behooves you to buy your furs where you can depend on getting full value for your money—we do not propose to jeopardize our reputation for honesty and fair dealing by selling inferior furs at big prices.

We have a very large stock of furs in a wide range of prices and invite you to look them over.

WEEKLY CATALOGUE

Breaking-in a shoe means using those sensitive, delicate members—the feet—as shoe stretchers. The inner-sole as well as the uppers must be broken in, as the mounds of the feet must make depressions for themselves before comfort can be had. Relston Shoes, with moulded in-soles, provide for the natural form of the feet and need no breaking-in.

NOTICE TO THE PUBLIC

NOTICE is hereby given that stores which use the name of LOUIS BEIGEL will be prosecuted to the full extent of the law. I do this for the reason that certain people have gained the impression that I am the proprietor of more than one shoe store. I hereby state that I am in no shape or manner connected with any other shoe store than the one located at 419 McKean Avenue, Charleroi, Pa. I make this statement so that the people will not be fooled into patronizing any of the so-called "sample" stores using my name, and afterwards find that they were not dealing with the old reliable firm which has for seventeen years been doing business in Charleroi. Unprincipled methods have been introduced by shoddy dealers of the city who send out to their hired agents in country towns cheap and unreliable goods. We hereby warn our patrons as well as those of other reliable stores, to look out for stores that use my name and pretend that I am the owner of such stores.

Our Motto is Solid Leather Shoes at Popular Prices.
